

A STEAK READY FOR

# PRIME TIME

## OLIVER'S PRIME GRADE FILET MIGNON \$19.99/LB.

Oliver's USDA Prime Beef is tender and juicy, with a buttery taste that makes it distinctly superior to any other steak. USDA Certified Prime Beef cattle represents the top 2% of all beef produced nationally. Prime grade beef is produced from young, high quality, well-fed cattle, which

helps promote the abundant marbling (the fat inter-dispersed with the meat) which leads to its superior tenderness & flavor.

These cattle are minimally processed and are antibiotic & hormone residue free. All Oliver's Prime Beef is USDA inspected and is raised in the USA.

## BERINGER CABERNET SAUVIGNON

2015, Knights Valley.  
750 ml. Bottle

**\$18.99**

90 POINTS - WINE ADVOCATE "Aged in 30 new French oak for 16 months, the 2016 Cabernet Sauvignon Knights Valley features crème de cassis, Black Forest cake and wild blueberry scents with suggestions of wild sage, black soil and tapenade. Full bodied with a wonderfully plush, fine-grained frame, it has a lively line cutting through the densely packed fruit, finishing long." - Lisa Perrotti-Brown, Wine Advocate, October 2018
