Pair Martin Ray Rosé of Pinot with
Pennyroyal Farm Velvet Sister

Penny royal Farm Velvet Sister \$29.99/lb.

Daydream of bees buzzing around endless Provençal lavender fields while sipping rosé and noshing a lush local goat cheese. VelvetSisters is a creamy camembert-style crafted from farmstead goat and sheep milk in Boonville. Beginning firm, the paste ripens quickly beneath the fluffy white rind to reveal an oozy, creamy center perfect for scooping onto fresh bread. The flavors are sweet and grassy with tangy bright acidity perfectly balanced by a drizzle of honey and a chilled glass of Rosé.

“Rosés are the ultimate summer wine! Bright & vibrant, with beautiful hues from pale pink to almost red, they often have pronounced aromas of strawberry and watermelon, and are mouthwateringly refreshing on the palate. Their crispness and acidity make them outstanding aperitifs, and they are beautiful wines for pairing with food. Salads and pastas, fish courses and poultry are all excellent partners, but given the right ingredients, these wines will make a perfect match with many a cheese. We have an amazing selection of Rosés from many countries as well as our own backyard. Rosés are just the ticket to make summer (and all year) just that much more fun!”
